Why join a solar co-op?

- ✔ Save extra money and enjoy a simple process for going solar
- ✔ Receive on-demand access to unbiased, vendor-neutral experts
- ✔ Rest easy with a member-led group buy process that's free to join with no obligation to install
- ✔ Those who meet income eligibility requirements can qualify for a \$3,000 solar and \$2,000 battery storage rebate.

The City and County of Denver and the nonprofit organization Solar United Neighbors have partnered to launch the next Denver Solar Co-op!

A **solar co-op** is a member-led, streamlined group-buy process to help families and businesses go solar on their rooftops and save money. The process is free to join, has no obligation to go solar, and can help realize group savings for individual projects. Rebates are available for income-qualifying residents.
